DETAILED ACTION

Allowable Subject Matter

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance:

The claims as currently amended are allowed because no references, or reasonable combination thereof could be found, which discloses, suggest or teach, the recited features of independent claims 1, 14 & 18. For example, the prior art fails to disclose or teach, of conducting an instant win game in combination with a base game at a game terminal, which is operatively coupled to a host computer, the method comprising, selecting one of the plurality of instant win game display theme from the game theme indicator and pairing the selected display theme with the theme of the base wagering game; varying the instant win game display theme with respect to the theme of the base wagering game, to provide different instant win game display themes, paired with the base wagering game theme, such that the instant win game indicia are different and distinct from the indicia used in the base game, as required by the independent claims 1. For similar reasons, the prior art fails to disclose or teach the features of independent claims 1, 14 & 18.

The combination of Caro et al. (2003/0050109), Mullins (5,158,293) and Rowe (6,620,046) teaches of a lottery game with an optional instant win game, wherein the lottery game and the instant win game are not dependent or function of each other. However, the combination of Caro et al., Mullins and Rowe fails to teach each and every recited feature of independent claims 1, 14 & 18.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to SUNIT PANDYA whose telephone number is (571)272-2823. The examiner can normally be reached on M-Th 8 - 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dmitry Suhol can be reached on 571-272-4430. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
